Embassy of India, Dakar

Request for Proposal for

Redevelopment and Maintenance of website For Embassy of India, Dakar and Migrating Embassy Website on Virtual Private Cloud Infrastructure

1. Introduction

Embassy of India, Dakar hereafter referred to as EMBASSY is one of the 185 Indian missions and posts located around the world under Ministry of External Affairs, Government of India. Missions in abroad carry out jobs like issuing visa, passports, other consular services, bilateral relationships, defense co-operations between countries, educational co-operation, commercial and social activities.

The Missions/Posts main portal and its sub-domain portals are now becoming one of the attracted sites among net-citizen. This has resulted in frequent access of portal and its sub-domains from various locations across the world. There have been incidents of some of the accesses which contained targeted Distributed Denial of Service (DDoS) and attack against source code vulnerabilities. This entails that portal and its sub-domains should be hosted on a platform which provides enhanced security, auto-failover and redundancy features.

The objectives of this RFQ are

A. Website Management:

- Redesign and development of existing websites of Embassy of India, Dakar as dynamic and responsive website
- CMS updation and Website security.
- Security auditing
