Fast Track Diplomacy

- This booklet traces the fast track diplomatic journey of the new Indian government led by India's 15th Prime Minister Shri Narendra Damodardas Modi.

The agreement to establish the New Development Bank, and also the decision to have an Indian as its first President marked a major achievement for the new government in the international arena. Meeting with Latin American leaders was also a significant highlight.

- The Prime Minister's visit to Japan, and the elevation of our ties to that of a Special Global Partnership, has ushered a new dawn in Indo-Japan relations.
- The government's full support to help rescue and return of Indians caught in the midst of conflict zones in Iraq, Libya and Ukraine ensured the safe homecoming of nearly 10,000 Indians.
- The decision to provide passport services in all states in the North East of India; the elimination of shortage of passport booklets and simplification of procedures to get passports reflects the government's continuing commitment to streamline and optimise the delivery of citizen-centric services, as does the launch of an online system of tracking the transportation of the mortal remains of Indians abroad.
